**North County Office**

6565 Capistrano Avenue  
Atascadero, CA 93422  
(805) 461-6143

## PROPOSITION 8

A Proposition 8 reduction is a form of assessment relief. It may be applied when a property's taxable value exceeds the current market value.

The Assessor's Office is required to enroll the lower of two values on all real property:

- The base year value plus the annual inflationary factor: Your base year value is established as of the date of acquisition and/or completion of new construction. This value is adjusted each year by an inflationary factor determined by the percentage change in the California Consumer Price Index (CCPI). In no event shall the inflation factor exceed 2% in any given year.

**OR**

- The current market value (the price your property would sell for on the open market on the January 1<sup>st</sup> lien date).

If you think your property is being taxed on a value that is higher than its current market value, you may wish to contact the Assessor's Office at any time. Each tax year begins on July 1<sup>st</sup> and ends the following June 30<sup>th</sup>. The value for the current tax year will be examined when the Assessment Review Requests are received by the Assessor's Office between July 1<sup>st</sup> and December 31<sup>st</sup>. Assessment Review Requests received between January 1<sup>st</sup> and June 30<sup>th</sup> may be examined for the next tax year.

## IMPORTANT POINTS

The Assessor can only consider the market value of your property as of the preceding lien date (January 1<sup>st</sup>). The Market value of your property will be determined by analyzing sales of comparable properties in the area. By law, comparable sales can be any date prior to January 1, but can not be more than 90 days after January 1.

**Supplemental Assessments** can not be revised due to Proposition 8 reviews.

*"The Assessor and staff seek excellence in providing information, services, and accurate property assessments through our personal commitment to integrity, mutual respect and teamwork."*

## EXAMPLE OF HOW PROPOSITION 8 CAN AFFECT YOUR TAXABLE VALUE

Market value of property, when purchased, was \$500,000.

	Market Value as of January 1st	Base Year Value	Taxable Value
<b>1<sup>st</sup> year, January 1</b>	\$500,000	\$500,000	\$500,000
<b>2<sup>nd</sup> year January 1</b>	\$525,000	\$510,000	\$510,000
<b>3<sup>rd</sup> year, January 1</b> Property value declines Due to market conditions. Proposition 8 applied. (Taxable value must be reviewed each year).	\$495,000	\$520,200	\$495,000
<b>4<sup>th</sup> year, January 1</b> Slight improvement in market conditions. (Taxable value must be reviewed each year).	\$510,000	\$530,604	\$510,000
<b>5<sup>th</sup> year, January 1</b> Major improvement in market conditions. (Taxable value returned to base year value plus annual inflationary factor).	\$545,000	\$541,216	\$541,216

**If any reduction is made under Proposition 8 guidelines, your property must be reviewed each year until the current market value exceeds the base year value plus the annual inflationary factor.**

*It is important to remember that the filing of an Assessment Review Request does not extend any filing dates for assessment appeals nor alter or delay the date taxes are due. Interest and penalties will be added to the amount you owe if your payment is late.*

This information is a synopsis of Proposition 8. You may call the Assessor's office for more specific information.
